Welcome by Jen Kader.

Overview of One Watershed One Plan planning process, role of the Implementation Advisory Committee (IAC), review of the Land & Water Resource Narrative by Tiffany Determan.

Review of ground rules by Susan Shaw.

- Start and end on time
- Everyone has an equal voice
- Be respectful and promote open communication
- Come prepared to discuss agenda items with a positive attitude
- Operate on small group consensus and will seek general agreements
- Stay on point
- Encourage communication within their networks.

Introductions.

Group activities and discussions:

- Likes, dislikes, what is missing from the draft issue statements, desired future conditions and goals.
- What barriers or challenges do you see that need to be addressed?
- What strategies make sense to you to try to achieve these goals?

Next Steps:

Jen Kader will consolidate notes and bring it to the Technical Advisory Committee for review.
Before next meeting, materials will be sent to members before the meeting for them to review.
Next meeting to be determined.
